NEW ReStore location coming this fall!

Habitat for Humanity will be opening a second ReStore® location in Waldo at 303 E 79th Street (in the old Mar-Beck building). ReStore® accepts donations of new and used building materials from individuals, contractors and retailers. The materials are then made available to the public at a deeply discounted price. The new store, which is scheduled to open in mid-October, also will sell “gently used” furniture.

ReStore® encourages individuals and businesses to visit their website at www.restorekc.org for information about the new location, items ReStore will accept and how to schedule pick-ups for donated items.

Liquor Store Application - Update

The July 19th deadline has passed and it appears that the owner of Cloud 9 Enterprises has NOT gathered the required number of signatures to receive a liquor license.

Block Party Round-up

Thanks to everyone for coming out to the neighborhood block-party. Despite the heat, over 150 households joined the festivities. Activities included temporary tattoos, reptile demonstration and the ever popular inflatable Moonwalk. If you missed the Progressive Dinner sign-up, you can still register by visiting the RGNA website.

Monthly Meeting Wrap up

- Newsletter Advertising rates have been set. \$10 gets an ad placed in the monthly newsletter plus we will place the ad text on the RGNA website
- Marker updates – The RGNA board is committed to getting markers repaired throughout the neighborhood. An informal survey was conducted to identify markers in most need of repair. The board is in the process of getting contractor bids for the repairs at those locations. The board has also submitted a PIAC grant application to obtain additional funds for marker repair. We will continue to post updates of these activities.

Street Resurfacing

Between now and late fall, KCMO will be resurfacing Charlotte between 73rd St. and 75th St., as well as Holmes between Gregory and 75th St. No streets in RGNA are slated to be slurry sealed this year. The complete list of resurfacing/slurry sealing projects is available from the City's Street Preservation page.
